Institution Industry Interaction Cell (IIIC)

The institution industry cell (IIIC) is a dedicated unit that facilitates collaboration and interaction between educational institutions and industries. It aims to bridge the gap between academia and industry by organizing various activities such as workshops, seminars, internships, and industrial visits. The cell also helps students gain practical exposure, acquire industry-relevant skills, and enhance their employability, and placement opportunities for students.

Objectives of the Institution Industry Interaction Cell:

1. **Promoting Industry-Academia Collaboration:** Forge strategic partnerships with industries to facilitate collaborative initiatives such as internships, projects, and skill development programs.
2. **Enhancing Employability Skills:** Provide opportunities for students to acquire industry-relevant skills, knowledge, and experience through internships, training programs, and workshops.
3. **Facilitating Placements and Career Opportunities:** Connect students with prospective employers through campus recruitment drives, job fairs, and industry networking events, ensuring optimal placement opportunities.
4. **Promoting Entrepreneurship:** Encourage and support entrepreneurial endeavors among students by providing mentorship, guidance, and resources to nurture innovative ideas and ventures.
5. **Industry-Institute Interface:** Organize seminars, workshops, and guest lectures by industry experts to facilitate knowledge exchange, industry trends awareness, and technological advancements in relevant fields.

Industrial visits

- ❖ One day field visit to **Bhavanisagar Dam** was organized by August 8th 2023, 50 students of civil engineering department have visited the dam. Our Students learns about the History of Dam, Construction and Water Treatment Process of dam.

- ❖ One Day field visit to “**AQUA PUMPS**” was organized on JULY 11th 2023, 78 students of Mechanical Engineering department have visited the company. They learned various types of pumps and their parts.

- ❖ During the September 21, 2023, 110 students of Mechanical and Automobile Engineering department visit to “**Wonderla, Kochi**”, students gained insights into Hydraulic and Pneumatic systems, deepening their understanding of industrial applications. The visit highlighted the paramount importance of safety measures within these systems, instilling a sense of responsibility regarding safety protocols in industrial settings among the students. Overall, the experience merged theoretical knowledge with practical exposure, enriching their comprehension of these systems while emphasizing safety practices.
